

Community Sponsorship & Grants

LWP Property Group creates communities that are healthy and sustainable. One of the many ways we like to do this is through the provision of community grants.

Our Community Grants Program is there to support local groups who assist in one of the following ways:

- *Welcome new residents in LWP communities to their program, service or activity;*
- *Host a program, event or activity within a community developed by LWP;*
- *Positively contribute to the health and well-being of the community;*
- *Provide long-term or regular activities that are beneficial to the community;*
- *Offer a much needed service or program to the community*

Who can apply?

We welcome applications from not-for-profit organisations, sporting and community groups and charitable organisations.

What we don't support

- *Organisations with values that do not align with those of LWP Property Group or its communities;*
- *Political campaigns or lobbying groups;*
- *Individual / personal activities;*
- *Activities of a commercial nature; or*
- *The purchase of some infrastructure or capital equipment.*

And finally, please note that we cannot make retrospective funding available.
